& Health Sciences
Tel Aviv University

Medical Sciences Research

M.Sc./Ph.D. Program

Tel Aviv University's Gray Faculty of Medical & Health Sciences proudly introduces the **M.Sc. Program** and **Direct Ph.D. Program**, tailored to exceptional students seeking to explore the unknown and ready to pioneer biomedical innovation

PROGRAM TRACKS

M.Sc. Track: Tailored for graduate students after B.Sc., providing a comprehensive pathway to advance in Medical Science Research.

Direct Ph.D. Track: Tailored for exceptional B.Sc. students who completed their B.Sc. degree with an average grade of 90 or above.

PROGRAM HIGHLIGHTS

Interdisciplinary Approach: Explore diverse facets of medical science, Bridging basic and translational research to drive transformative discoveries.

Global Opportunities: Forge international connections through collaborations and conferences, expanding your reach in the medical community.

Personalized Development: Personal mentoring to support and nurture your research interests and career aspirations.

CHOOSE TEL AVIV, CHOOSE A LIFESTYLE

Vibrant City Life: Experience Tel Aviv's open-minded, liberal ambiance, near the stunning beachfront, and diverse entertainment options.

Startup Hub: TAU fosters innovation and entrepreneurship, providing access to a robust high-tech ecosystem.

APPLICATION REQUIREMENTS

Strong academic background in life sciences, medical science or related fields. Minimum final average 80 in B.Sc.
Passion for pushing boundaries in medical science.

WHY CHOOSE OUR PROGRAM?

Revolutionary bio-medical research:

Access cutting-edge laboratories and state-of-the-art facilities dedicated to groundbreaking medical research.

Mentorship by leaders: Learn from renowned experts and collaborate with clinicians at the forefront of medical advancements.

Scholarships: Accepted students will receive scholarships based on academic excellence ensuring undivided focus on research.
