

## מאבחון של גידול מוחי ועד להמצאת הפתרון הטיפולי – מסע אישי ומחשבות על עתיד הרפואה

Avi Yaron

The lecture will detail the personal journey of Avi, from the diagnosis with an inoperable deep seated brain tumor, through the fight to survive, to inventing the solution & taking it to market.

Avi will touch the clinical & emotional elements & learnings, that lead him to the understanding of the root cause of diseases and the activity of Joy Ventures.
